

## BIO LAZURE PAINT AND PIGMENTS

<b>DESCRIPTION</b>	A clear, water-soluble and fast drying glazing paint for decorative interior use. Bio Lazure Paint provides a glazed transparent surface suitable for plaster and plasterboard. Tints are vibrant colours and provide depth of colour and multi-layered effects. Both glaze and colours are eminently suitable for artistic work.
<b>PREPARATION</b>	The surface should be dry and cleaned of greasy and dirty contaminants. Plaster and plasterboard should first be given one coat of Bio Wall Paint white.
<b>APPLICATION</b>	May be brushed, rolled, sprayed, sponged or wiped on. Mix Glazing Paint 2:1 with Lazure Pigments and thin this mixture step by step with cold water. Mix very well, with an electric hand mixer if possible. For the first coat, we recommend one part glaze to three parts water. For subsequent coats, the ratio may be up to 1:7 parts of glaze to water. Note: it is advisable to make test strips on the surface to be painted to determine how to achieve the desired glazing effect. As the hardness of the water changes from area to area please make sure that the water used is not harder than 18 dH.
<b>DRYING</b>	Touch-dry in 1 - 2 hours. Can be re-coated after 2 - 3 hours. Up to 20 layers of Bio Lazure Paint are possible.
<b>SEALING</b>	For longer protection, seal with one coat of un-thinned, untinted Lazure Paint.
<b>COLOURS</b>	Red, Bordeaux red, yellow, ochre, green, light blue, blue, brown, umber, black.
<b>INGREDIENTS</b>	Water, larch balsam, shellac, rosin, plant oil, thyme oil, lavender oil, stand oil, essential oils, earth/ and metal pigments.
<b>CLEANING</b>	Use warm, soapy water.
<b>COVERAGE</b>	1 Litre thinned BIO Lazure Paint covers 10-15 sqm, depending on the absorbency of the surface.
<b>PACKAGING</b>	BIO Lazure Paint 1 and 5 Litres, BIO Lazure Pigments 100 ml and 250 ml.
<b>PRECAUTION</b>	Keep out of the reach of children.
<b>STORAGE</b>	Keep tightly sealed in cool, frost-free place. Seal well after using. Once opened, use as quickly as possible. Keep out of the reach of children.
