

BIO THINNER

DESCRIPTION	Bio Thinner is a solvent, a diluting agent and cleaner for oil-based Bio Products. It is a substitute for mineral turpentine. Bio Thinner is free of aromatic hydrocarbons such as toluene, benzene, xylene, ketones, ester and glycol derivates. It has a pleasant lemon smell
APPLICATION	Add to the paint or varnish in small amounts and mix well. Add more as required. Bio Thinner is also very good for cleaning paint brushes, removing paint spots and degreasing dirty surfaces. Do not use for water based and spirit based products.
INGREDIENTS	Lemon oil and paraffin oil
PACKAGING	1, 4 and 20 Litres.
STORAGE	Keep cans tightly sealed in a cool and dry place
SAFETY DIRECTIONS	Avoid contact with eyes and skin and avoid breathing the vapour. Use only in well ventilated area. Keep out of reach of children and away from open flame. Please dispose of used rags in a sealed metal container. Can spontaneously combust. If poisoning occurs, contact a doctor or Poison Information Centre. If swallowed no not induce vomiting. Give a glass of water. If skin contact occurs, wash skin thoroughly. If eye contact occurs, hold eyes open and flood with water for at least 15 minutes.
